
Journeyman Electrician

ABOUT US:

JDI Industrial Services is the industrial maintenance division of J. Davis Inc., a family owned organization providing construction, grading, supplemental maintenance, and industrial services to South Carolina, Georgia, and North Carolina. With four divisions and three offices in the coastal and upstate regions of South Carolina, we are proud to offer superior services to the southeastern United States.

While our tenure in the industry began in construction, our history to deliver on time and on budget while under pressure has opened the door to many industrial service opportunities. Landing our first full time maintenance support contract in 2013, we are now serving the construction and industrial needs of more than 38 industries.

Now, with over 140 qualified craftsman, superintendents, and project managers on staff, JDI is a versatile industrial service provider enhancing manufacturing environments by implementing effective industrial management programs and initiating critical building projects. Overall, we help our industry partners maintain process control and accomplish production goals by increasing reliability, reducing risk, and ultimately saving cost.

With a wealth of resources and the goal of better serving our clients, we are passionate about people, eager to serve, and thrilled for what the future holds. Join our crew and contribute to something great.
